How to Link Aadhaar with EPF Account

Steps to Link Aadhaar with EPF Account

Step 1. Visit the official portal of EPFO website

https://unifiedportal-mem.epfindia.gov.in/memberinterface/

Step 2. Login to your account using your UAN and password.

Step 3. In the "**Manage**" section, click on the **KYC** option.

Step 4. You will be redirected to a new page, from where you can select "Aadhaar" to link with your EPF Account

Step 5. Now, click on "**Aadhaar**" and enter your Aadhaar number and your name as per your Aadhaar card and click on the save option.

Step 6. Once you have saved your Aadhaar details, your Aadhaar will be verified from UIDAI'S data.

Step 7. On successful approval of your **KYC document**, you will successfully be able to link Aadhaar with EPF account and you will find "Verified" written against your Aadhaar details

Link Aadhaar with EPF Account using UMANG App

The Ministry of Electronics and Information Technology (MeitY) and National e-Governance Division (NeGD) launched UMANG (Unified Mobile Application for New-age Governance) to promote Mobile Governance in India. However, if you want to claim your EPF online, it is mandatory to link your Aadhaar with UAN i.e. (Universal Account Number). If you link your UAN with Aadhaar, your EPF account will also be linked to Aadhaar. Following are the steps that you must follow to link your EPF Account using UMANG APP:

Step 1: Download the UMANG App from either Google Play Store or Apple Store
Step 2: Enter your registered mobile number if you have already registered
Step 3: Login with either "MPIN" or "Enter OTP" and click on "Continue"
Step 4: Now, enter the OTP sent to your registered mobile number
Step 5: To continue using the APP, you need to set an MPIN
tep 6: Set the MPIN, and you will be logged in to UMANG APP

Step 7: Once logged in, go to "All Services Tab" and select "EPFO"

Step 8: Under the EPFO section, click on "e-KYC services"

Step 9: Under "e-KYC services" select Aadhaar Seeding option

Step 10: Now enter your UAN and click on "Get OTP"

Step 11: You will receive an OTP on your registered mobile number with EPF Account

Step 12: Enter your Aadhaar details

Step 13: You will now again receive an OTP on your registered mobile number and email address

Step 14: Once the OTP verification is done, your Aadhaar will be linked to your UAN

Linking Aadhaar with EPF Account using OTP Verification/Biometric Credentials on e-KYC Portal of EPFO

EPFO has also made provision for linking EPF accounts with Aadhaar using OTP verification on e-KYC Portal of EPFO. Follow the below-mentioned steps to link Aadhaar with EPF Account.

Step 1 : Visit https://iwu.epfindia.gov.in/eKYC/

Step 2: Now, click on **"Link UAN Aadhaar"** option under "EPFO Members"

Step 3: Enter your UAN and registered mobile number to generate OTP

Step 4: Now, enter the OTP received on your mobile number in "Confirm OTP" box

Step 5: Select your Gender

Step 6: Enter your Aadhaar number

Step 7: For Aadhaar Verification, select **"Using Mobile/Email based OTP"/ "Using Biometrics"**

Step 8: You will receive another OTP on your registered mobile number and email address/Your biometrics will be captured via a registered biometric device

Step 9: Enter **"Captcha"** from the box given below

Step 10: Click on the **"Submit"** button

step 11: After the verification, your Aadhaar will be linked to your EPF account using OTP Verification on e-KYC Portal of EPFO

How to know the Aadhaar number linked with a PF account?

To know if your Aadhaar Number is linked to your PF account, you need to follow the steps mentioned below:

Step 1: Visit **https://unifiedportal-mem.epfindia.gov.in/memberinterface/**

Step 2: Enter your UAN and Password to login

Step 3: Now, the Member homepage will open; find **Aadhaar** from the details mentioned on the page.

Step 4: If you see the "**Verified (DEMOGRAPHIC)**" against your Aadhaar Number, it means your Aadhaar is linked to your EPF account and verified by UIDAI
